**Victoria World Wide Connections, Inc.**

Victoria World Wide Business Connections, Inc., based in Miami, Florida, handles the international sales of Arnet Pharmaceutical which manufactures over 100 formulas of High-Quality vitamins, amino acids, herbal supplements, natural stimulants and innovative formulas.

Established in 1972, Arnet Pharmaceuticals is a GMP-certified manufacturer and approved by the USFDA. It offers contract manufacturing, if you have your own formulations and their in-house formulation department can also help you develop product in capsule, tablet or powder form. Arnet Pharmaceuticals is able to offer very competitive prices and ships to over 50 countries worldwide.

Besides nutritional supplements, they are also seeking a distributor for "PROCEDE", a clinically-proven American hair-loss product. What is unique is that "PROCEDE" needs only be applied once every three months and has clinical studies to support the claim. It is doing very well in the U.S.

Mr. Diego Salgado, in charge of International Sales, will be in Singapore to meet with prospective customers/distributors on Thursday and Friday, October 30 & 31, 2008. If you are keen to purchase product from them, explore the possibility of representing their complete line or to discuss contract manufacturing options, please complete the attached response slip [http://www.buyusa.gov/singapore/en/victoria\\_world\\_wide.html](http://www.buyusa.gov/singapore/en/victoria_world_wide.html) and respond by 17<sup>th</sup> October 2008, Friday.
